Shipbuilders Prepare to Christen *Indiana* (SSN 789)

Shipbuilders around the yard are continuing to make final preparations for *Indiana's* (SSN 789) Christening Ceremony this Saturday, April 29. Seamstress Christine Mitchell (X32), along with other shipbuilders working in the company's Sail Loft Shop have been working around-the-clock to complete *Indiana's* bow flag that will be placed over the submarine's bow unit during the ceremony.

"Every flag takes time and combined experience, to bring it all together," said Mitchell. "When I look at this bow flag, it makes me feel very proud to be a part of such a special day."

Vice President Mike Pence, who's home state is Indiana, will be the keynote speaker for the event. Other government officials will also give remarks. Ship's Sponsor Diane Donald, wife of Retired Navy Admiral Kirkland Donald, will perform the traditional honor of breaking a bottle of American sparkling wine across the ship's bow during the christening ceremony.

The SSN 789 Ship Store will be onsite at the christening ceremony selling a variety of items including the ship coin, baseball caps, polos, T-shirts, sweatshirts, command patches and more. NNS logo items will also be available for purchase. Items from both stores can be purchased by cash and/or credit card.

Saturday's ceremony will be broadcast live via webcast (www.huntingtoningalls.com/ssn789) starting at 11 a.m. Use #SSN789 on social media sites to follow the event and congratulate the shipbuilders. Watch a video featuring SSN 789's bow flag coming together. The Virginia-Class Submarine Program also held a coloring contest prior to the ship's christening for children of VCS employees. Turn to p. 3 to find out the winners and view their winning artwork.

E-Cigarettes to Be Prohibited on Commissioned Ships Starting April 30

As a new requirement imposed by the U.S. Navy, effective April 30, 2017, possession and/or use of electronic cigarettes, alternative cigarettes, personal vaporizers, or electronic nicotine delivery systems will be prohibited on all commissioned vessels.

NNS to Host Workers' Memorial Event on Friday

All employees are invited to attend the company's first Workers' Memorial Event at The Rock at noon on Friday, April 28. The ceremony will include remarks by NNS President Matt Mulherin and Vice President of Trades Operations Ray Bagley. Following remarks, there will be a wreath laying ceremony and a moment of silence.

Workers' Memorial Day is a day to honor workers who have died and/or who have been injured on the job, to acknowledge the suffering experienced by families and communities and to recommit to the fight for a safe and healthful workplace for all workers.

Top Gun Welders Recognized

Twenty-nine welders from the Pipe Shop and Machine Shop were recognized for achieving "Top Gun" status for outstanding quality on welds requiring Radiographic Testing (RT) inspection. The welders were honored during a luncheon on April 14.

"This is my absolute favorite day of the year – the day we get to recognize the best of the best welders in this company – and in the world," said Component Fabrication Assembly Superintendent Rob Lane.

Vice President of Quality Ron Murray who was also in attendance said, "It's important that all work we do here at the shipyard is always completed to the absolute best of our ability. We never know what missions the men and women sailing our ships will be assigned to carryout and because of this, every job – no matter how small or large, needs to be top quality. By doing this, we keep our customers safe and never give the enemy an advantage."

Of the 29 "Top Gun" welders, five were new inductees and three received plaques for being recognized as "Top Guns" for five consecutive

years. Together, these craftsmen welded a total of 2,400 RT joints in 2016 with a 98.9 percent first-time quality rate.

"It's an honor to be inducted into the Top Gun Welders club," said Pipe Welder and first year Top Gun Welder Sherman Haskins (X18). "It's a club that many welders strive to be a part of and now that I'm a member, I'm looking forward to continuing to weld welds that are top quality, so I can remain a part of this elite group of shipbuilders."

Shipbuilders Participate in Earth Day Clean-up

More than 100 shipbuilders and family members attended Newport News Shipbuilding's Earth Day Clean-up event on April 20. The volunteer shipbuilders cleaned up Christopher Newport Park, the Victory Arch and Huntington Park in honor of Earth Day.

"It was a fantastic day to be outdoors and to do something positive for the local community and for our environment," said Dwain Jenkins, Jr., NNS' Earth Day lead. "Many volunteers reported that they had a great experience and it was good to see that so many brought their families and friends out to help volunteer."

Employees and their family members were also invited to an Earth Day Celebration at the Virginia Living Museum in Newport News Saturday, April 22.

Visit the Environmental Health and Safety website on MyNNS for more information on other Earth Day initiatives.
