

# PARKING & TRANSPORTATION NOTICE

NUMBER 00003

May 22, 2019

On Tuesday, May 28, changes to Newport News Shipbuilding's group rider system will go into effect. As a result, several NNS parking lots will be impacted and vehicles parked in group rider lots will be required to display a new decal.

Changes to the system will address concerns of misuse, improve enforcement, and assist with efforts to maximize parking in company-owned lots as NNS transitions to a zone-based parking system.

As part of NNS' new group rider system, each group will receive one parking permit – with the exception of employees who are part of a vanpool consisting of 15 or more people. Each permit will have a unique barcode and will be associated with all members of the group by their PERNR. If a member of the group needs to ride separate from the group, the employee should plan to park in an NNS lot that does not require a decal (i.e. Hidens or the satellite parking lot located at 7505 Warwick Blvd.), use on-street parking, or park in a privately owned lot.

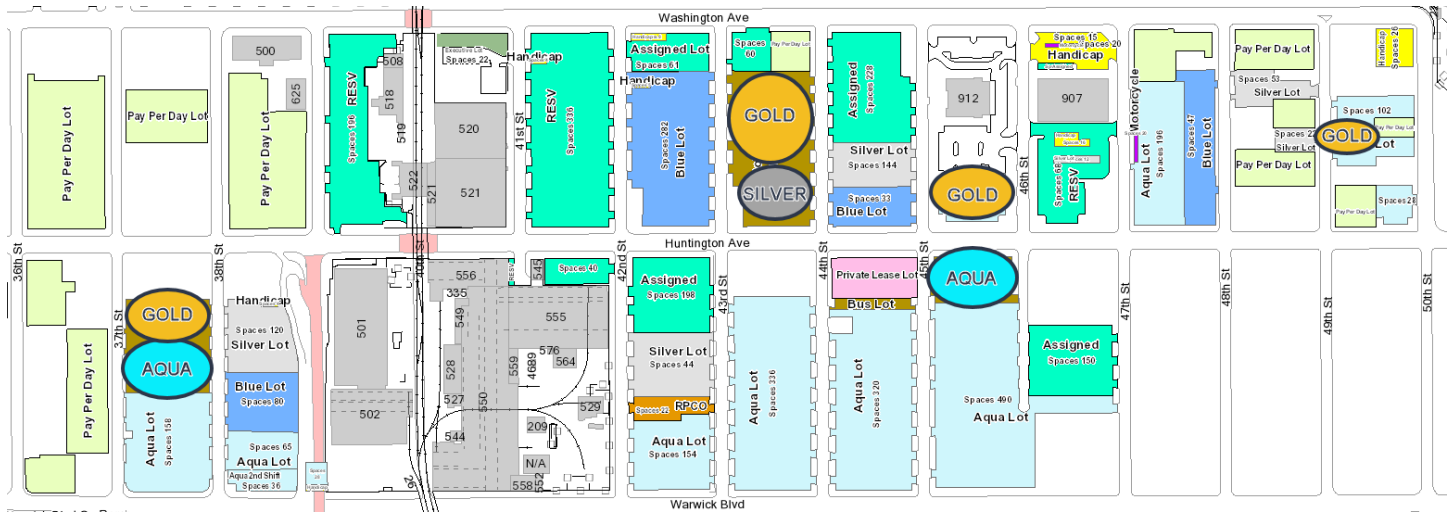

When the new system begins on May 28, the following changes to NNS parking lots will be implemented:

- Ten aqua spaces on **33rd Street and Washington Avenue** will be converted to group rider.
- First three rows of the existing group rider parking lot between **37th and 38th streets** will remain unchanged. However, the remainder of the parking lot will be transformed from group rider to an aqua.
- First seven rows of the group rider lot between **43rd and 44th streets** will remain unchanged; the remainder of the lot will be transformed from group rider into a silver.
- Forty-seven aqua spaces **behind the HII Family Health Center** will be converted to group rider spaces and the current group rider lot on **45th Street and Huntington Avenue** will be converted into an aqua lot.
- Twenty aqua spaces on **49th Street** will be converted into group rider spaces.
- Twelve aqua spaces on **River Road**, next to the Hampton Roads Transit stop, will be converted to group rider spaces.
- Group rider spaces in the **North Yard** will be relocated so they are closer to the gate. The first two rows of silver will be converted to group rider spaces and the existing gold group rider row will be converted to silver; existing van spaces will remain in the current location.

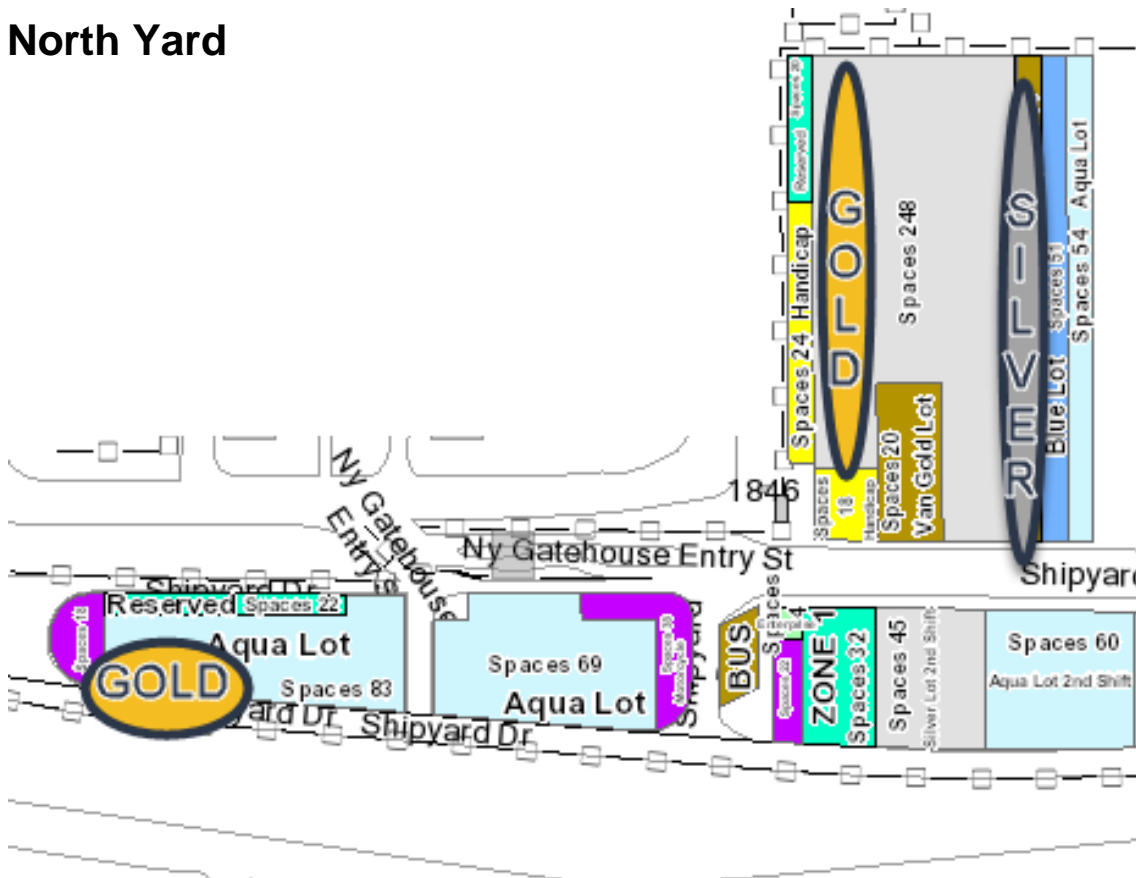

Signage will be posted to notify employees of these parking changes.

NNS will continue to monitor and evaluate parking lots and will make adjustments as additional group rider applications are received. If you are interested in becoming a group rider, visit the MyNNS Parking & Transportation website for the application.
